PROFILE

Third-year Industrial Design student at Avantika University, driven by curiosity and a passion for exploring the diverse fields of industrial design. Through projects in consumer products, wearables, packaging, and sustainable design, I have developed a multidisciplinary approach to problem-solving while expanding my understanding of users, materials, manufacturing, and product development. I strive to create thoughtful, functional, and aesthetically refined products.

WORK EXPERIENCE

May 2026 - July 2026

Jaggery: Reimagining Waste

Design Intern

- Conducted material research on sustainable automotive waste to identify opportunities for product development.
- Designed and developed concepts for the AFKD bag range, from sketch through material studies to finished prototypes.
- Planned and executed product photoshoots for the Landed and Be Seen collections; performed photo editing and retouching.
- Prepared product documentation and line sheets for website and client presentations.

2025 - Present

Space Club

Event Manager

- Organize and manage club events and activities, coordinating logistics and participant engagement.

EDUCATION

2024-2028

MITID - AVANTIKA UNIVERSITY

- Bachelor of Design
(Industrial Design)
