ABOUT ME

Industrial Design student at Avantika University focused on product development, form exploration, and user-centered design. Experienced in translating research insights into meaningful product concepts through sketching, prototyping, and iterative design. Passionate about creating products that balance aesthetics, ergonomics, and functionality.

EXPERIENCE

Monotick - Minimal Timepiece Concept 2026

- Redefined time perception through a single decisive movement instead of continuous tracking.
- Designed a minimal, distraction-free dial with one dominant hand.
- Emphasized clean geometry with subtle depth and layering.
- Reduced visual noise to encourage mindful awareness of time.
- Shifted timekeeping from measurement to experience through minimal form.

Frogelo - Child-Centric Binocular 2025

- Designed a nature-inspired binocular to encourage curiosity and outdoor exploration in children.
- Developed a playful frog-inspired form to increase engagement and emotional connection.
- Focused on child-friendly ergonomics and intuitive interaction.

Kawasaki Inspired Sneaker Concept 2025

- Translated the aggressive design language of Kawasaki superbikes into a sneaker concept.
- Explored dynamic surfaces and forms inspired by speed, aerodynamics, and performance aesthetics.
- Developed concept sketches and digital models to refine the visual language.

Compact Sling Portfolio Bag for Designers 2025

- Designed a foldable A2-size sling portfolio bag for designers to carry sheets comfortably and protect them during travel.
- Developed a tear-drop shaped form that unfolds into a flat working mat for sketching and organizing materials.
- Integrated internal elastic straps for pencils and markers along with a pocket for small stationery.
- Explored layered material construction: PU/Canvas outer fabric, EVA foam padding, PP structural sheet, and taffeta lining to ensure protection, flexibility, and durability.

EDUCATION

Avantika University

Bachelor of Design (Industrial Design)
2024 - 2028

Amity International School

Higher Secondary School
2016 - 2024

SKILLS

Design

- Product Design
- Form Development
- Ergonomic Analysis
- User-Centered Design
- Design Research

Software

- Fusion 360
- Rhino
- KeyShot
- Adobe Photoshop
- Adobe Illustrator
- Figma

Methods

- Sketching
- Rapid Prototyping
- Product Benchmarking
- Ideation & Concept Development

ACHIEVEMENTS

Participant — MSME Idea Hackathon 5.0

2025

Participated in the national innovation hackathon organized by the Ministry of MSME, presenting a product design concept focused on sustainability and practical problem-solving.

Event Flow Manager — Aroha (Annual College Fest)

2025

Managed event scheduling and coordination to ensure smooth execution of activities during the annual cultural festival.

Competition Team Lead — Genesis (Industrial Design Exhibition)

2025

Led a team responsible for organizing and coordinating competition activities during the industrial design exhibition.

Event Manager — Space Club, Avantika University

2025

Organized and managed club events and activities, coordinating logistics and participant engagement.

CERTIFICATIONS

- Google UX Design Professional Certificate
- Design Thinking: How to Use Creative Problem-Solving for Better Design
- Industrial Design Foundations
- Sustainability for Design, Construction, and Manufacturing
- Universal Principles of Design

LANGUAGE

- English
- Hindi
- Gujarati (basic)

INTERESTS

- Exploring new products and product innovations
- Illustration and visual storytelling
- Badminton
- Sketching and concept drawing
